Our REMOTE and PHYSICAL delivery as a percentage in 2020

Comparison between the beginning of COVID 19 CASES and our REMOTE delivery by geography in 2020

Covid-19 cases compared by continent

Number of cases per week

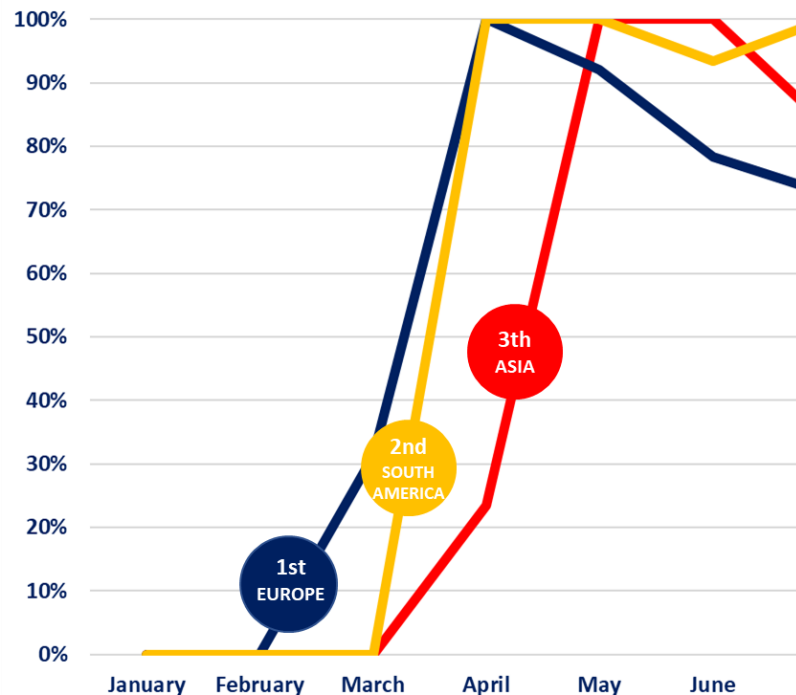

Antarctica and Oceania cases excluded as too low to register on scale

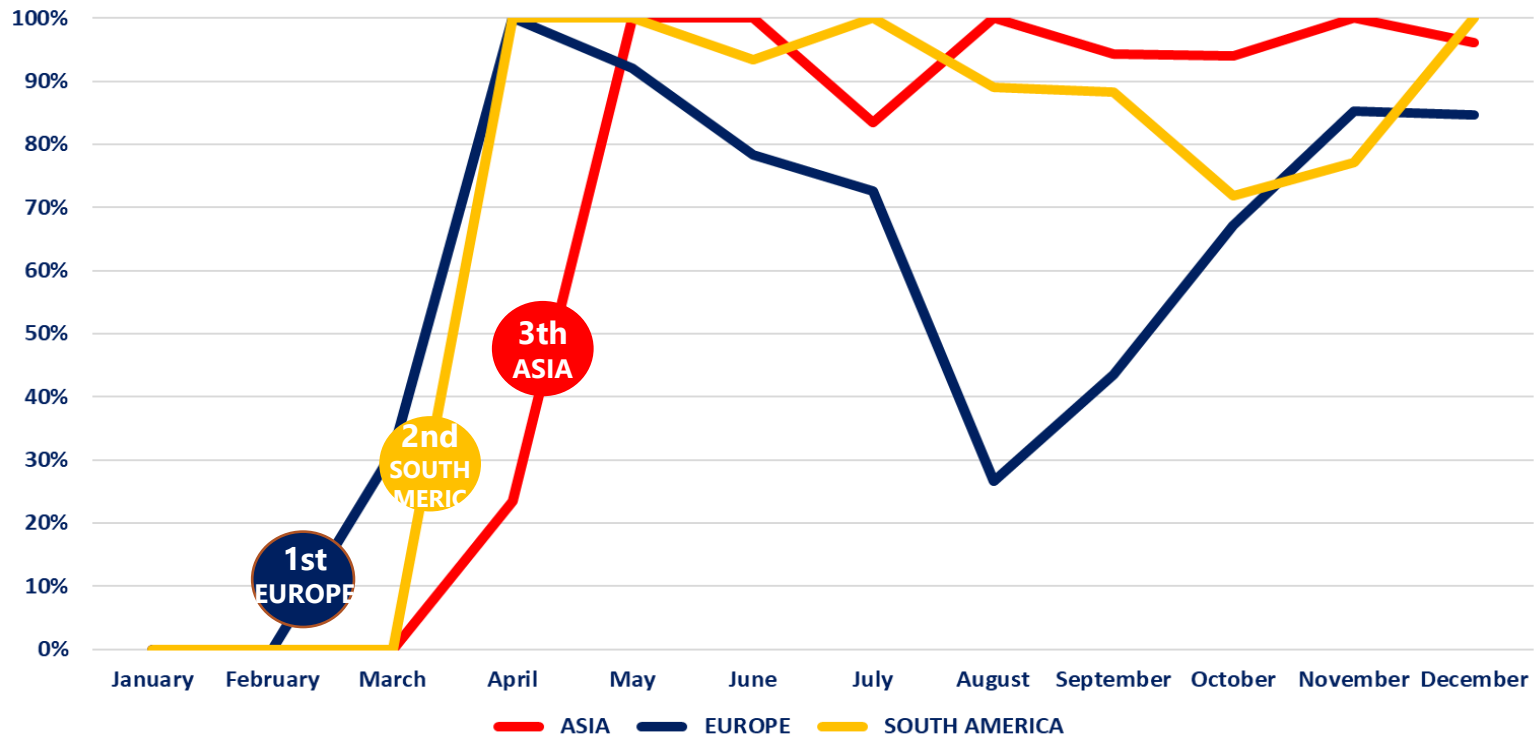

Source: ECDC, data to 28 Dec

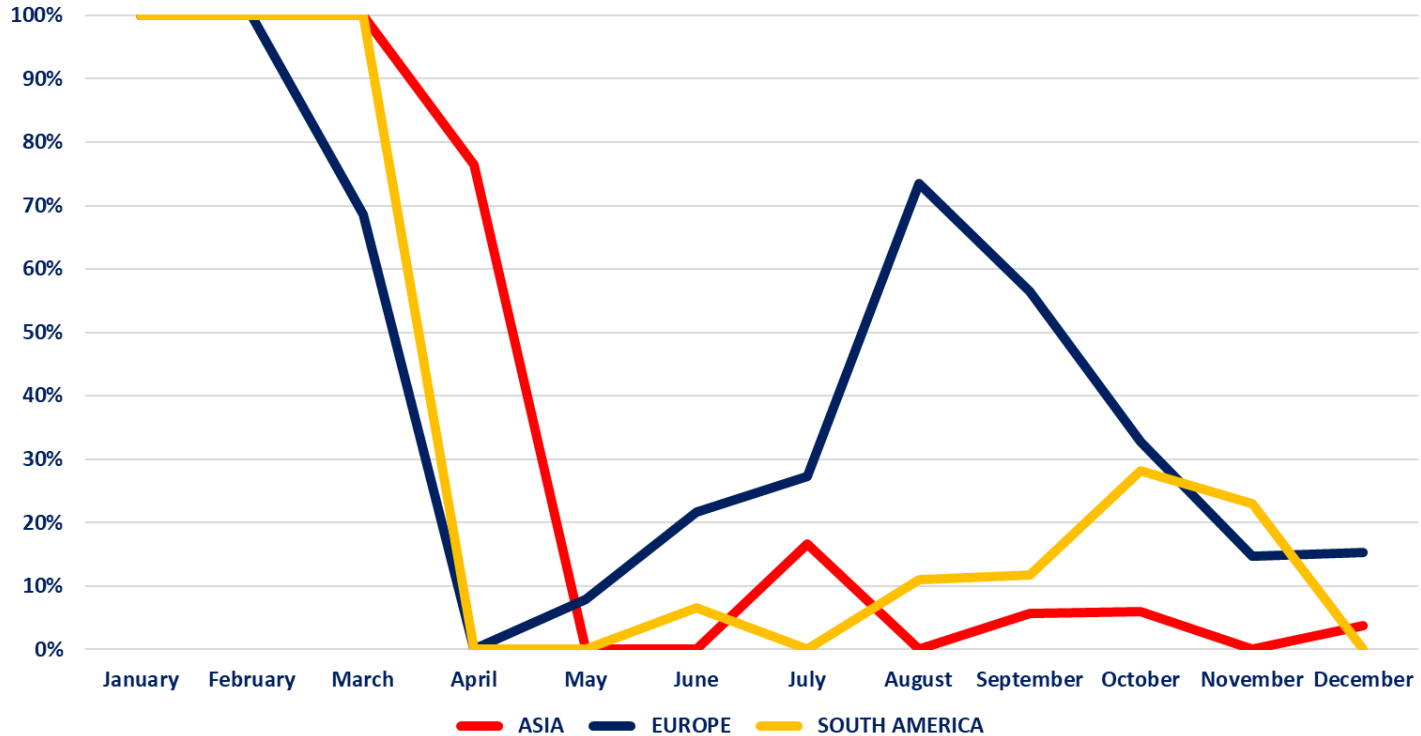

Dynargie Remote delivery per geography

Our REMOTE delivery as a percentage per GEOGRAPHY for 2020

Our PHYSICAL delivery as a percentage per GEOGRAPHY for 2020

MAIN OUTCOMES

A major impact from Covid-19 is observed on the way we deliver projects in training & consultancy.

Remote delivery prevailed as a way of delivery for Dynargie during 2020.

The impact for our clients was of the same significance for Europe, South America & Asia.

“**Soft Skills a Click Away**”, the Remote Training Experience by Dynargie, was a speed up factor to move quickly and easily from Physical to Remote training.
